PRIVATE CRUISE IN THE FJORDS OF NORWAY

Private Cruise is a cruise & charter company located in Stavanger, Norway. We provide private and exclusive cruises into the stunning Lysefjord, where your clients will witness some of the most spectacular scenery in Norway. Our cruises can also be tailor made to fit your desired itinerary. Private Cruise is perfect for families and small groups, and provides a safe and exclusive experience.

Lysefjord – a destination of wonder

No further than 30 minutes away from Stavanger by boat you'll find the amazing Lysefjord, a fairy tale-like fjord with some of Norway's most iconic landmarks. Surround yourself with steep mountains and cascading waterfalls as you travel further into the fjords, gaze up towards the legendary Preikestolen (Pulpit Rock), and the Kjerag Boulder - and visit the world's longest wooden staircase Flørli. And how about saying hello to some very impressive mountain goats, or tasting fresh water straight from a big waterfall? The Lysefjord is where you can experience all this and more – with the style and comfort only possible on a private yacht.
